Seventy-Fifth Year No. 27

Upland, California, Thursday, September 11, 1969

36 Pages 10 Cents

WELCOME -- Vern Orum, superintendent, Upland City school district, welcomes the new teachers to the district. The teachers were introduced at a noon luncheon held by the district at Pioneer Junior high school last week. Shown are Mrs. Frances Harmon, Citrus; Mrs. June Presson, Cabrillo; Supt. Orum; Mr. and Mrs. Randy Smith, She'll teach at Valencia and he at Citrus, and Mrs. Gretchen McCombs, Cabrillo.

## Teachers Important, Orum

"You, the classroom teacher, and the children you meet, is what is new in education," Vern Orum, superintendent, Upland City school district, told the teachers assembled at a welcome luncheon held Wednesday, Sept. 3, at Pioneer Junior high school. The luncheon was part of a week-long program called "Humanizing Education."

Continuing his speech, Orum said, "Sputnik I shook America's educational system. There was a cry to innovate, to discover new concepts, to try something different and new, but in responding to criticism we tended to overlook two ingredients, confidence in our educational practices and a plan of innovation."

He mentioned the so-called "new" ideas such as ungraded classes and noted they were used in 1848; Team teaching? It was new in 1825; phonetics have been around since the 1900's. So what is new? "You, the teacher, and the children you meet, you are new. You are so much more important than any innovative technique or system. Whatever is significant or important, that our educational system acquires, depends almost entirely on what you, teachers, can do to improve yourself," Orum concluded.

The 34 new teachers and one administrator were introduced by their principals. A welcome was given by Floyd Allen, president Upland School District Trust-

tees. Other board members seated at the head table were Mrs. Dorothy Gibson and Harvey Stone. The Rev. Elbert Smith, pastor, Upland Brethren in Christ church, gave the invocation.

Other honored guests at the head table were Mrs. Stanley Hoffman, Foothill Council PTA president; Frank Magliolo, president, Upland Educator's Association; Mrs. Connie Fisher, president, California School Employees Association; Mr. Orum's secretary, Mrs. Betty Root, Upland school traffic safety committee chairman. Also honored were Oliver Soderberg, Upland Principal's Association, and the school PTA presidents.

## Uplander Named To CUHS Board

James F. Garliepp

Local businessman James F. Garliepp was appointed to the Chaffey Union High School District board of trustees Tuesday to fill the unexpired term of Mrs. Mary B. Hecht, who resigned last month.

"I consider the appointment a tremendous challenge," he said. "We must accept it and go forward."

A native Californian, Garliepp graduated from Whittier high school and received a bachelor of arts degree from the University of New Mexico, where he majored in economics.

General manager and owner of General Tire Co., 1101 W. Holt blvd., he lives at 505 Cornell court, Upland. He and his wife

are parents of three children. He moved to the West End in 1960.

He is a member of the Kiwanis Upland Noon Club, where he has served as a board member for seven years, and is an elder and past board chairman of the Upland Christian Church.

Other affiliations include chairmanship of the budget committee of the West End United Fund. His board term expires June 30, 1971.

Garliepp's appointment was made by the unanimous action of the board on the motion of trustee Maurice Goodban, seconded by trustee G.A. Chalfant.

## C Of C Luncheon

Project Idea Exchange is the theme of the general membership meeting planned by the Chamber of Commerce. The noon meeting will be held at the Upland Inn on Monday, Sept. 15.

Walter Reardon, president of the chamber will conduct the meeting. The meeting will be adjourned promptly at 1:30 p.m., Reardon said.

Cost of the luncheon is \$1.75 and reservations may be made by calling the chamber office at 982-8816.

## Wm. E. Walk Sworn As New Judge, Sept. 3

ONTARIO -- William E. Walk Jr. was installed as the third judge of the West Valley Division of the San Bernardino County Municipal Court Sept. 3, in the new court before an overflow crowd of officials and spectators.

The office welcome to the court was made by Roland C. Rutledge, senior judge of the West Valley Division. The oath of office was administered by V. Dennis Wardle, County Clerk.

In comments to the 13 other judges and the more than 200 witnesses present, Walk said he had three reasons for accepting the appointment from Governor Ronald E. Reagan.

"When you have the chance to serve your community, the people

## Two Councilmen Threaten Legal Action Against SCE

By Jenny Kirkpatrick

A formal complaint against the Public Utilities Commission was contemplated by the City Council at its Tuesday, Sept. 2, meeting. The battle between the city and the Southern California Edison Co. over undergrounding power lines in the Campus street substation area, has been carried on for years.

Expansion of the sub station there has been planned by the Edison company with construction to start this year, and the City of Upland claims the overhead power lines would criss-cross the city, causing an ugly sight. The Edison Co. says it can't underground the power lines because of the high voltage which would make such a move dangerous.

### PUC RULING

The Public Utilities Commission in a letter to the city, said they had investigated the situation and were of the opinion that the City of Upland and the Edison Co. had come to agreement on an aesthetically designed overhead facility. They pointed out the discussion on this had been underway since 1959. The Edison Co. has said any change in plans now would be costly. The Public Utilities Commission advised the city, if they felt the plan

would cause distress, they should file a complaint and they advised the Edison Co. of the same privilege.

### NOT WITHOUT FIGHT

Councilman James Christensen angrily stated, "We shouldn't accept this without a fight. They will use our substation to route the electricity through our city to other cities. The Edison Co. can put the power line through the mountains. I just don't accept their answer. We should file with the PUC and take it to the Supreme Court if necessary."

Councilman Max Hawkins was of the opposite opinion. He said, "It is not practical to underground at this time and if we take it to court we will only alienate the Edison Co."

Councilman Zella Stone said she would like to know a little more about it before she voted. "We just might be hasty in taking the action now," she added.

Councilman Ronald Rossiter, who was serving as Mayor Pro Tem, in the absence of Mayor George Gibson, who was on vacation, said, "We have to decide what kind of city we want. If we compromise now, we'll have the situation for years to come. Technology is changing so rapidly that they can come up with the answer to undergrounding. They won't do it unless pressured."

### NO VOTE TAKEN

Twice an attempt was made by Councilman Christensen to get a vote on filing the complaint, but it failed both times.

In other business, the council approved staff assignments; reviewed application for Alcoholic Beverage licenses for the Hickory Hut, 1869 W. Foothill blvd., and Wilson's Market, 1402 E. 9th st., and approved committee reports.

## New City Maps Ready Now

UPLAND -- The chamber of commerce is offering a new street map of the Upland area.

The map differs from former ones by including the cities of Claremont, part of Pomona, Montclair, Ontario, Cucamonga, Alta Loma, and Guasti.

It also contains photos of points of interest in Upland and data on climate, recreation, employment, airports, Upland's history, and schools.

It will be distributed free to prospective businesses and industry for the city. It will be available to others at a small cost.

The maps cost the chamber about \$1,200.

## School Bell Beckons Pupils

The school bell rang for another year on Wednesday and ended the freedom movement for another summer. Some 8,800 students resumed their education in 11 elementary schools and one high school.

In the Upland elementary school district, enrollment was up over last year. At closing time last year the school recorded 6,100 students and there are approximately 6,952 enrolled this September. The kindergarten enrollment is down a bit with 551 this year over last year's 579.

At Upland high school there

are 2,700 students, which is 100 more than last year and puts the high school up to capacity. Every classroom is being used, officials said. There are 700 freshmen, an increase over last year's freshman class.

The high school has felt the cuts necessary when the tax override failed, according to F. M. Lowe, director of student activities. He said there was a six period day, but that students only attend school for five periods. Some come first period and others begin at second period.

There are 28 new teachers in the elementary school district

and 14 new teachers at Upland high school. The first day of vacation for the students will be Veterans Day, Nov. 11, and the first big long weekend will be at Thanksgiving time from Nov. 27 to Dec. 1. Christmas vacation is from Dec. 19 to Jan. 5.

The February vacations are a three day weekend on the 23rd and a single day, Feb. 12. Easter vacation is March 20 to 30 and another long weekend is Memorial Day, May 28 to June 1. School will close June 10 and the students will have put in 175 days of classroom work.

## Sign Meeting Postponed

The Sign Review Committee meeting scheduled to be held tonight at the library has been postponed until Thursday, September 18, at 7 p.m., Council Chambers, City Hall.

The cancellation of the meeting was announced by Councilman Ronald Rossiter, chairman of the committee, who stated he had to be out of town on business.

UPLAND DAY AT THE FAIR -- Lee Travers, Director of administrative services, and Walter Reardon, president, Upland Chamber of Commerce, look over the trophy to be awarded at Upland Day at the Los Angeles County Fair. The event will be held Tuesday, Sept. 16, all day, and the trophy will be awarded after the ninth race (Upland Day Race). Post time is 4:15 p.m. Councilman Ronald Rossiter, along with Chamber officials, will make the presentation. The public is invited to attend the affair, sponsored by the Chamber.

## Upland CHP Officer Suffers Gun Wounds

A California Highway Patrolman from Upland was shot twice in the chest and once in the knee Sunday night after he stopped a car in the Gardena area with only one headlight working.

The Upland officer, Leslie E. Clapp, 27, was reported in "extremely critical" condition Monday morning at the Memorial hospital of Gardena. Since 1968 Clapp has been assigned to the CHP office in South Los Angeles.

C.H.P. Capt. W. R. Waldron said Clapp and his partner, Officer William Sisson, 44, stopped the car at about 10:50 Sunday night at Compton boulevard and Van Ness avenue near Gardena. According to Waldron, the passenger next to the driver drew a .45-caliber automatic and fired

"several" shots at Clapp. The three men in the car fled on foot as Clapp sank to the pavement. Sisson and Clapp fired 10 shots at the men, but it was unknown whether any of them were hits.

Officials said the three suspects commandeered a light pickup truck, forcing out the driver. The truck was found abandoned about a mile from the shooting scene.

Clapp was assigned to the CHP office in South Los Angeles following his graduation from the California Highway Patrol Academy in Sacramento. His parents are from Upland, and the victim was living in a Gardena apartment building, a CHP officer said.

## Concert On Kiosk Set For Saturday

The Park and Recreation Committee of the City of Upland announced that arrangements have been made for a "Downtown Saturday Night" celebration in the Upland Town Center. The navy band from the cruiser-destroyer group, Long Beach, will play a full spectrum of music from marches to the late current tunes. Jim Thumpston (CPO) had recently "taken command" of the twenty-member band and he ad-

vises it will be "smooth sailing" in the Upland Town Center on Saturday night, Sept. 13, from 8 until 9 p.m.

The Upland City Employees Association will man the snack bar trailer on 9th street near the kiosk and will have hot dogs, popcorn, soft drinks and other goodies to make the band concert even more enjoyable for those attending.

## Commentary

### Foot Dragging

The Sign Review Committee's meeting has been postponed again, because Councilman Ronald Rossitter is out of town and he is chairman of the committee.

It certainly is not the fault of the councilman that he has to tend to his business, but it does seem the committee should be able to meet and get this prolonged review over with.

This committee has spent considerable time in reviewing sign codes in various cities and taking trips to measure and evaluate other cities and it owns signs.

The first time the committee met was on May 9, and at that time things went very well for awhile. Then after a public hearing and the Chamber of Commerce proposals, chairman Rossitter said he did not wish to have a "confrontation" and wanted to review the proposals again. The committee became bogged down with agreement drifting farther away. Now the citizens have come up with a proposal that forbids paper signs and many of the original sign ordinance proposals have been re-arranged or eliminated. It seems to us that the time for talking has long passed and that the proposals should be voted on once and for all and if need be a minority report filed. In any event it is time for action, so the businessman can know where he stands. JBK

### 'Ludicrous'

In a sense, it is the concern only of Johnny Carson, NBC and the Internal Revenue Service how much money Mr. Carson is paid for keeping millions of Americans from getting a full night's sleep. The guess that his new contract calls for \$75,000 to \$85,000 a week has been called "ludicrous" by the entertainer and "flagrantly in error" by a spokesman for the TV network.

Maybe the guess that his old contract was worth about \$1 million a year, or almost \$20,000 a week, wasn't accurate either, though as far as we know it hasn't been denied. Mr. Carson got a "good increase" when his contract was renewed and even if he now receives only \$25,000 a week, it will seem ludicrous to most Americans...

The whole system by which movie stars, champion prize fighters, ball players and now television celebrities are paid fabulous sums is ridiculous. It has been going on for a long time, since the first flickers gave mediocre actors and actresses world renown and ballyhoo produced the first million-dollar gate for heavyweight slugging. Baseball and football players are paid more merely to sign a contract, in some instances, than the average hard-working person can earn in a lifetime.

This imbalance in monetary rewards is one of the inequities young critics of our society are griping about, we think. If so, they have a point.

## From Our Readers

Dear Editor:

Several months ago I asked to have an ordinance prohibiting parking on the front lawn area enforced. This request was denied without an explanation, to which I felt I was entitled. After a number of letters and phone calls which netted me exactly nothing, I wrote to Mayor Gibson asking for enlightenment on city ordinances. He answered promptly by sending an officer to my home.

Mr. Anderson and Mr. Travers feel the ordinance should be enforced. Mr. Alder and Chief Wessely feel the ordinance is so badly written it is meaningless. The building code also has an ordinance pertaining to this same problem. It plainly states that on income property parking must be provided back of the 30 foot setback. I was told there is no restriction on driveway widths, therefore it is difficult to decide where a driveway ends and a yard begins. That if a car is parked partly on the driveway and partly in the yard area no violation is being committed.

I suggest to the Upland News that it can do much to help many of us who have little knowledge of how our city is being run. I, of course among other things, would like to know more of our ordinances and why we have them. Especially those that can't or won't be enforced. Should they be discarded or re-written so they are workable.

Also, why we do not have some sort of protective league for the homeowner. These organizations are proving very effective in many communities. It seems to me one is badly needed here.

Sincerely,

Ethel M. Weaver - 393 N. Campus, Upland

### TIME MARCHES ON

Yours Truly passed another milestone this week, and at this juncture in life we are in sympathy with those members of the fairer sex who are hesitant in revealing their age.

And we have yet to hear a scientific explanation of why the years roll by twice as fast when you are in your 40's and 50's as they did when you were in your 20's.

A woman, it is said, rarely realizes her age until the birthday cake begins to look like a forest fire.

### IS IT TRUE?

That the Pomona office of the Internal Revenue Service has a sign at the entranceway reading "Watch Your Step."

The other side, seen when leaving reads: "Watch Your Language."

### GOALS APLENTY

The Christian Science Monitor recently chided the Nixon Administration for its plan to establish new goals, commenting that there are plenty of goals left over from the Roosevelt, Truman, Eisenhower, Kennedy and Johnson administrations (which are practically intact).

Now the goal mania is hitting local communities and committees are appointed left and right to establish goals.

It is a comparatively easy matter to set up these goals--getting the people to work on them and to reach those goals in another matter.

### CLEARING HOUSE

Husband answering the telephone: "She's not home, Mrs. Smith. Would you like to leave a rumor?"

### POT-SHOOTING ATHLETICS

High school athletic programs have been the "whipping boys" of school administrators forced to cut back on their budgets this year--and it is somewhat ridiculous.

For the most part, school athletics are self-sustaining through gate receipts and student fees and probably would be entirely self-supporting if basketball and baseball games were played at night to draw in the adults.

And have you noticed that it is the athletics who are suspended for violation of school rules from participating in sports.

We have never heard of a saxophone player, a debater or a member of the play cast suspended from his activity for violating a rule. Have you?

### WHAT DO YOU HAVE

At a recent party we attended two gentlemen were having a conversation about the charms of Sophia Loren. "I say you over estimate her," said one. "Take away her hair, her eyes and her figure and what do you have?"

"My wife," said the other.

### WELCOME, Y'ALL

The Geological Survey has officially designated the new geographic center of the United States. It is 44 degrees, 58 minutes north latitude and 103 degrees, 46 minutes west longitude. Or, to be less exact, a stone's throw from Castle Rock in South Dakota.

The center point's movement north from Kansas was due, of course, to the entry of Alaska into statehood.

The significance of this information is that the new geographic center puts most of the mainland United States in the Southern slice.

Which ought to be good news to grits manufacturers.

## From Our Readers

Gentlemen:

I have just recently noted an editorial from the Upland News concerning the problem of financing the Cucamonga Flood Control project.

May I congratulate you on the excellent content of the editorial, and because it is so ably put, I am taking the liberty of forwarding this excerpt to the Congressmen who are involved in making the necessary appropriations.

Thank you very much for your interest in this important community matter.

### GUESS WHO HAS UNIFORMS?

The lady police dept. employees are sporting new uniforms. The uniforms have a blue skirt and white blouse with the police patch on it and to complete the picture, there is a small blue tie. The gals look mighty sharp.

Another section of the city will soon sprout uniforms. They are the public works crews and their uniforms will be dark green pants, lighter green shirts and the city patch on the sleeve.

## Current Comments

The results of the survey sponsored by a local radio station asking listeners what news event they would most like to hear have been released.

A desire for a permanent world peace ranked at the top of the list. One lady had an interesting hopeful expectation from the news wires. "I'd like to hear that all the people in the world had turned polka dotted so there would be no reason for racial prejudice against black, white, red or yellow anymore."

No wonder folks accuse the news media of not printing good news.

# Leave Kids Alone

By Jenny Kirkpatrick

"Is Sputnik Archaic?" It is, according to Dr. Louis King, professor of psychology, Cal Poly, Pomona, who was the keynote speaker at the Upland City School District teachers' meeting held Wednesday, Sept. 3, at the Upland elementary school auditorium.

Dr. King was introduced by Bruce Brietler, who in an amusing series of anecdotes said the professor had served in many capacities, psychologist, salesman, marriage counselor, high school teacher, probation officer, and is considered to be a "good communicator." And he was, in a sometimes biting and challenging speech to the teachers.

He observed that more children ran home than to school and that there was a tendency to abolish childhood. "We just hate to see kids play. They must be doing something like coloring trees teacher has mimeographed. Why can't they just play? Children find themselves in play. Why don't we leave them alone," he asked.

"Childhood is the time for the senses, the time for shared feelings. The child is a sensor animal with minimal recall. He is highly susceptible, more so than he'll ever be again. But, what does society deem for him? That, this small being must conform so he can go to college. These are the active years and not years for sedentary schoolwork," he said.

"What's the hurry? A child of six is not able to learn to read, but when he is ten, he can, and do just as well as if he had started at six. We just don't give kids time to play and find themselves." He added that to find oneself is the major goal in life and to be able to relate to others is also necessary. "Many people, though well educated, cannot communicate or relate to anything or anyone.

Dr. Louis King

We are a leisure nation and need to know how to play. Education should teach us how to live the rest of our lives and not be just "job training." "How many people today know how to play or to travel or to amuse themselves? I don't mean life education courses; I mean education for life; a creative life with appreciation for culture and observation of nature."

He did admit that this type of education is not measurable.

"You can't say Johnny is 2.10 per cent more proficient this year in creativity than last. It is an intangible type of education and it doesn't measure Johnny to someone else's ability, but to his own. This is what education should be," he said.

Dr. King's ideal curriculum would contain a history course that would teach democratic skills and relationships to people. It would include physical education on the playground with the teacher refereeing the games and helping the children learn to work and play together. It would include inter-dependent art, the sharing of work projects, not team work; square and folk dancing for rhythm; social skills and a life science class that would teach about smog and pollution and hygiene; and an American Independence course that would teach multiple opportunity for all.

The report cards would record the child competing with himself and enough about the child so his parents could understand his makeup and potential.

He said we have more gas stations than colleges and we still continue to operate our schools like we were whipping illiteracy. We must work with problems that face us and urgently need solving. He challenged the teachers to help education make the changes.

# St. Joseph Opens Year

St. Joseph's Catholic School opened its doors on Monday and then enjoyed a vacation day on Tuesday with the observance of California's Admission Day.

There are 430 pupils who are in Kindergarten through eighth grade and who are taught by Sisters who are natives of Ireland. Two of the Irish Sisters arrived this year to replace two who left to teach on the high school level and there is one lay teacher and one part-time lay teacher that have been added to the staff.

Sister Damian is principal of the school and teaches the fourth grade class in the morning. Newly arrived from Ireland are Sister Louis Marie, grade two and Sister Cathalus, grade three.

Mrs. McCarron will teach the fourth grade in the afternoons and her substitute will be Miss Claudia Maher, who recently graduated from college. Other teachers in the school are: Kindergarten, Sister Annunciat; grade one, Sister Maura; grade five, Sister Celestine; grade six, Sister Anne Marie; grade seven, Sister Mary John and grade eight, Sister Mary.

Two of the Sisters who had been with the school since it started have left to go to the Mary Star Of The Sea High School in San Pedro.

NEW KINDERGARTENERS -- In back Mrs. Barbara Teglas, left, and Mrs. Natalie Cruzen, right, stand with some of their new pupils. Children, parents, and teachers met at Sierra Vista Friday, Sept. 5, for an orientation meeting.

## Cucamonga School Menu

Sept. 10 - Hot dog, potato chips, buttered corn, sliced peaches, milk.

Sept. 11 - Macaroni w/meat sauce, carrot and celery sticks, p-nut butter sandwich, cantaloupe slice, milk.

Sept. 12 - Hamburger, lettuce and pickles, fruit salad, jello, cookies, milk.

Sept. 13 - French dip, string beans, celery sticks, apricots, milk.

Sept. 16 - Mashed potatoes, meat gravy, cheese wedge, buttered biscuit, orange bar, milk.

Sept. 17 - Spaghetti w/meat sauce, green salad, garlic bread, prune cake, milk.

Sept. 18 - Tostada, beans and cheese, lettuce and tomato, buttered corn, jello w/fruit, milk.

Sept. 19 - Hot dog, potato salad, carrot sticks, cookie, fruit and milk.

## Sierra Vista Holds Kindergarten Orientation

Mothers and a few fathers sending their children to Kindergarten at Sierra Vista school this fall met with their children's teachers from 9-10 a.m. Friday Sept. 5, for an orientation program.

While the children played outside in the school yard, Mrs. Barbara Teglas in K-1 and Mrs. Natalie Cruzen in K-2 explained to parents what their respective pupils could expect.

Mrs. Cruzen asked parents to be prompt in picking up their children from kindergarten. Children become frightened when they expect to see their parents and they don't come, she explained.

Children will be expected to follow directions and follow the rules of the class. They will be taught in kindergarten that they must respect other people's rights and property, she said.

Other aims of kindergarten include learning to get along with others and to express oneself verbally.

"Kindergarten is a readiness program for the first grade," she said.

The alphabet will be taught

at the end of the year. Meanwhile, children will learn to count from 1-50 by using blocks. Safety habits, taking turns and being on time are other things that will be stressed, said Mrs. Cruzen. Also children will be taught to stick to their choice once they have made it.

Mrs. Cruzen urged all parents to mark their children's clothing and possessions they may be wearing or bringing to school. She showed them a paint smock made from a towel and suggested that this would be the best protection for children's clothes during arts and crafts time.

Other points she made to parents included calling the school office or sending a note when a child is absent from illness, not sending party invitations unless all children in the class are invited, and having the girls wear dresses to school at all times.

Food was not to be brought to school.

MRS. BARBARA TEGLAS In her session with the parents of her pupils, Mrs. Barbara Teglas covered similar points but made additional comments and emphasis.

Parents were asked not to send their children to school too early and not to visit the class until a month has passed. Donations of old rugs that children might play and nap on in class would be appreciated.

She explained that the readiness program meant orientation toward reading - looking from left to right, learning beginning sounds, being observant. Children would be taught how to listen and follow directions.

They would learn that they could express themselves on paper as well as verbally and would see stories they told put down in writing.

Clean clothes - not a child's best clothes - are appropriate for schoolwear, she said.

Parents and teachers would have a conference in November at the end of the quarter about the child's progress.

In response to her request for \$1 a semester to purchase cookies for snacktime, some parents gave a dollar at the meeting.

Afterwards, parents, teachers, and children gathered outside for punch and cookies.

WE'RE NOT GIRL SCOUTS -- Young Newell Phelps, Myles Davis, and Michael Davis, busily color a mural while their sisters and mothers are involved in the Pepper Grove Girl Scout Day Camp. The boys are part of a group called "The Mascots" and have their own leader and do their own thing while the distaff side of their families engage in Girl Scout activities.

Mrs. Gary Lemar Cronan

## Robyn Ranney Marries Gary Cronan On Aug. 30

Robyn Eve Ranney, daughter of Mr. and Mrs. Earl Douglas Ranney, 903 Notre Dame, Upland, became the bride of Gary Lamar Cronan Saturday afternoon, Aug. 30, at the First Christian church of Pomona.

It was a double ring ceremony. Escorted by her father, the bride wore a formal gown of organza and lace. The bodice featured a high round neckline and long puff sleeves of lace. Her full flared skirt fell from an empire line into a chapel train. A lace and seed pearl headpiece held the bride's silk illusion veil in place. The veil was made by the bride's mother.

Maid of honor was the former Miss Ranney's sister Donna. Matron of honor was her future sister-in-law, Mrs. Wayne Cronan, 1321-A West B st., Ontario. Their gowns were of a lemon-twist color.

Bridesmaids were Maryanne Griffin, Mrs. Paul Mandrell, Ellen Montante, Cheryl Stites, and

Mrs. Richard Collins. They wore maize sheaths trimmed with a ruffle at the bottom of the gown and around the bertha collar. All attendants wore picture hats of matching colors.

Best man was Wayne Cronan on Ontario. Ushers were William Perkins, John Gaylord, Charles Cable, Roger Bracken, William Bracken, and Greg Standlee.

The reception was held at the home of the bride's parents. The bride is a 1967 graduate of Upland high school and has attended Chaffey college. She is employed at the Montclair post office.

The bridegroom, son of Mr. and Mrs. Thomas Lamar Cronan of 5456 Orchard, Montclair, was graduated from Montclair high school in 1967 and from Chaffey college in 1969 and plans to attend Cal Poly this fall.

The couple will reside in Ontario at 1321-C W. B st., after their honeymoon at Lake Tahoe.

## Two Cucamongans Plan Sept. Catholic Wedding

Col and Mrs. John C. Habecker, 7914 Alta Cuesta, Cucamonga, have announced the engagement of their daughter, Margaret Ann, to Michael Joseph Vizio.

Vizio is the son of Mr. and Mrs. Ben J. Vizio, 7825 Valle Vista, Cucamonga. The two plan to be married Sept. 27 at St. George's Catholic Church, Ontario. The wedding reception is

to be held at Red Hill Country Club, Cucamonga.

Miss Habecker is a 1964 graduate of Redlands high school. She was a member of the French Club and the Girls Athletic Association, and was also active in drama.

She was graduated from Pitzer College, Claremont, in 1968, having majored in French. She has completed a year of graduate study at the University of California at Santa Barbara and plans to continue her graduate work at UCLA.

Vizio is a 1961 graduate of Upland high school. He belonged to the Apollos and a Hi-Y club.

In 1966 he was graduated from the University of Mississippi, where he majored in business administration and was a member of the Newman Club and the NROTC.

He completed three years of active duty in the Navy as a lieutenant j.g., and is currently employed at Pacific Indemnity, Los Angeles.

## Upland BPW Sets Style Event

A meeting of the board of directors of the Upland Business and Professional Women's Club was held Aug. 28 in the patio of the home of Miss Gladys Claypool. Mrs. Althea Correll, club president, conducted the business session.

Plans for the Sept. 11 dinner meeting of the club were announced. Nancy Crowe will give the speech which made her California's top Young Career Woman in a state-wide speak-off held by the California Federation of Business and Professional Women's Clubs at the Century Plaza Hotel in May.

A style show, presented by Miss Phyllis Walton, will feature fashions from Mona's Dress Shop and the Trolley Shop with Aladdin's Flowers cooperating. With the theme, Asters in September, and models Joann Maurer, Carol Paine, Jill Meza, Coleen Robinson, Candy Stone, and Lynn Barber, Miss Walton will add commentary on the designs and materials. All participants in the style show are students at the John Roberts Powers School of Modeling in Riverside.

Rubie Rowland, program coordinator, will introduce the speakers. Arrangements for the meeting are under the supervision of Mrs. Harold Musser, membership chairman.

## Graduates

California State College, Los Angeles recently awarded bachelor and master's degrees at their Commencement exercises. Among the candidates for graduation were:

Robert E. Benck, 8740 Church, Cucamonga and Albe Mark Reichert, 8234 Avenida Vejar, Cucamonga.

## Two UJHS Teachers Spend Summer Studying

Two Upland Junior high school teachers who won grants have completed six weeks intensive study in summer institutes designed to improve classroom techniques.

Gordon Engle, 11-year-veteran teacher of mathematics, was awarded a National Science Foundation grant and studied at the University of Illinois in Champagne concentrating on familiarization with two sets of materials to be adopted by California as supplementary materials starting in the 1970-71 school year. Prepared for seventh and eighth grades, these materials are specifically designed for students with ability, who are underachievers in mathematics.

Raymond A. Hughes, a five-year social studies instructor at the junior high school level, was one of 34 teachers selected from 400 applicants for an Education Professions Development Act grant to the Civics Institute, Utah State College in Logan. The institute investigated in depth—using a Harvard University developed case approach—controversial areas of American life, including race, poverty, and police and violence.

Engle, who lives at 1466 W. Arrow Hwy., said the most important aspect of the new mathematics materials is "tangible motivation" for the student.

"The use of materials constructed by the students to show similarities of triangles, for example, is an important part of the 8th grade motivational geometry program," Engle said.

Engle will use these Univer-

## Genealogy Society Sets Meet Sept. 15

The Pomona Valley Genealogical Society will meet at 7 p.m. on Monday, Sept. 15, in the first floor conference room of the Pomona public library. Mrs. Arline H. Eddington of Newport Beach will be the speaker.

Mrs. Eddington attended the World Conference on Records and Genealogy held last month in Salt Lake City, and this will be her subject. She has been teaching genealogy for seven years, and she worked for three years at the Temple Library in Los Angeles. Her research has included England, Pennsylvania, West Virginia, Kentucky and Indiana.

All meetings of the society are open to the public.

Genealogy sessions for beginners are now being held every Friday from 7 to 8:45 p.m. in the Special Collections room of the Pomona library. Volunteers who are more advanced in genealogy will be there to give individual help to those who want to begin tracing their ancestry.

GATHER FOR LUNCHEON -- Members of the Drama Section of the Upland Woman's club were recent luncheon guests of Mrs. C. E. Reimers, center, of Cucamonga. Mrs. Lewis Stokes, left, new president of the club, tries the new electric elevator at the Reimer's home with Mrs. Reimers as Mrs. Anthony Trilevsky, chairman of the section, looks on.

## Today's WOMEN

### C-AL Women's Club Starts Health Projects

Seven members of the Cucamonga-Alta Loma Women's club met Friday morning, Aug. 29, at the home of Mrs. Harlow Hum-

mel, 9340 Foothill blvd., Cucamonga, to discuss coming health and welfare projects.

Mrs. Dale Gross demonstrated to those present how to make bandages for cancer victims and stressed the need for members to meet the first Tuesday of every month to make bandages for the American Cancer Society in Ontario.

The club's meeting place is the basement of the Masonic hall in Upland.

Afterwards, Dr. Harlan Sharp introduced the subject of psychiatry to the members, saying there need be no social stigma to seeking psychiatric help.

Dr. Sharp is a psychiatrist/social worker from the Arlington Family Counseling Group, 534 N. Campus, Ontario, which deals with alcoholic, marital, and drug problems.

Mrs. R. T. Santolucito is the club's mental health chairman and Mrs. George Hanlon is the co-chairman. Their goal is to further introduce the subject to the people of Cucamonga.

Other projects are underway to make baby quilts for Santa Claus Inc. and letter and color games to help mentally retarded children in the West End be more aware of the world around them.

## Lutheran Women Set Luncheon

The Grace Lutheran ALCW will sponsor a "Luncheon is Served" party Tuesday, Sept. 23 from 12 noon to 3:30 p.m., in the Fellowship Hall at 2108 N. Euclid ave., Upland.

Mrs. Pearl Pritchard heads the Committee on arrangements, and is assisted by Loretta Estu, president of the group.

Door prizes will be awarded following the luncheon. There will also be a speaker, Jose Norman, one of the leading anti-Castro patriots who escaped from Cuba. He will speak on "Castro's Hand in the U.S. Turmoil."

Reservations for the affair may be made by calling 982-5353 or 982-3815. Tickets must be purchased ahead of time. Members of the community are invited.

## Nurses Meet At Hospital

The California Nurses Association, District 53, held its first fall meeting Tuesday, Sept. 9, in Alta Auditorium, San Antonio Community Hospital.

Mrs. Rita Moore, R.N., Patient Discharge Coordinator, San Antonio Community Hospital, discussed "Team Planning for Discharge."

## Herr-Featheringill United At Brethren In Christ Church

Carrying an old family Bible, covered with gardenias, Areta Eileen Herr became the bride of Ron Charles Featheringill in services at Upland Brethren in Christ Church.

Officiating in the double ring nuptial services was Rev. Elmer Martens, at an altar bedecked in garlands of english ivy.

The bride made her gown of ivory net, with reemboiled lace accented by pearls and sequins. Her floor length illusion veil cascaded from a coronet of pearls.

Maid of Honor, Paula Meyers of Cucamonga, was gown in pale pink, carrying an arm bouquet of matching rosebuds, with bridesmaids in matching street-length frocks, each carrying a lighted taper among their nestle of rosebuds.

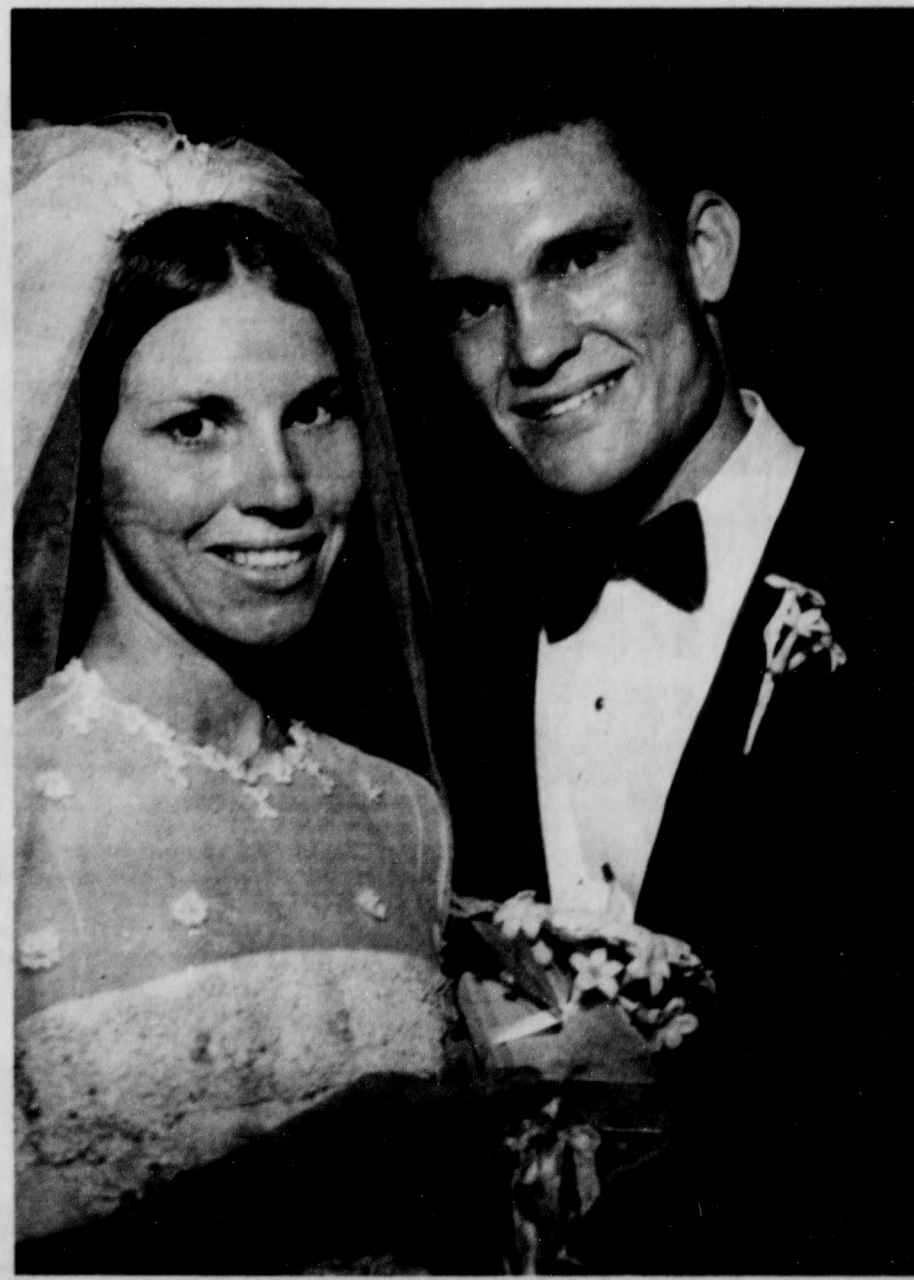

Bridesmaids were Jill Sunner, Linda Lewis and Mrs. Dona Redvin, all of Alta Loma, with Nina Huebsch of Beverly Hills and Pat Maryon from Goleta.

Other bridesmaids were Marian Nielsen of Upland, Mrs. Joan Van Darmyden of Cucamonga and Mrs. Susan Metcalf of Playa Del Rey.

The bride is the daughter of the Millard Herrs of Alta Loma, while the grooms parents, the C. L. Featheringills reside in Long Beach.

Uplander Bill Miller provided the organ accompaniment to the ceremony.

After a short honeymoon at Big Bear, the young couple will make their new home in the Santa Barbara area.

BEAUTICIANS--Lorraine Woodward and Pamela Hughes.

## Alta Loma Beauty Salon Opening

Lorraine Campbell and co-owner Pamela Hughes of the Alta Loma Beauty Salon, celebrated their grand opening last week. Coffee, soft drinks, cakes and cookies were served during the week with everyone attending this gala occasion receiving a free colorful cosmetic container as a gift.

However, the climax of the week was capped by a drawing of those who had registered for the prizes.

The first prize, a 100 percent human hair wig, was won by Luanne Cosby of Alta Loma.

The second prize, a synthetic hair wig was won by Shirley Estes of Upland.

The third prize, a human hair cascade was won by Shirley Patricia of Upland and the fourth prize, a basic beauty kit by Vivianne Woodward was won by Jeanette Leon of Alta Loma.

Lorraine has practiced the beauty profession since she was sixteen, and received her training in Pivot Hair shaping at the Buena Park School of Beauticians.

Pamela has an equal background as a successful beautician. She was with the Magic Touch of Upland for three years, where she acquired a satisfied patronage.

Pam and Lorraine's many friends wish them the greatest success with Alta Loma Beauty Salon.

## Upland Summer Reading Programs Are Completed By 205 Readers

The Upland library summer reading club celebrated the completion of the program with a party. The party, which included a children's film, awarding certificates and charts and a candy treat was given to the 138 attending.

## College Honors Ralph Miller

Uplander Ralph H. Miller received a plaque from the Chaffey college board of trustees for a decade of service as a mem-

ber of that body dating from 1959.

He, along with 29 members of the Chaffey college staff, were honored for a total of 370 years of service at the annual Employee Banquet, Friday, Sept. 5.

**SPAGHETTI FEED** -- Selling tickets for the First Annual Spaghetti Feed sponsored by Boy Scout Troop 315, are Dan Hamilton, junior assistant scoutmaster, and Keith Purdy, scoutmaster, of the troop. The event will be held Sunday, Sept. 14, from 1 to 5 p.m., on the Euclid avenue parkway, Ontario. Benefits from the affair will go to Santa Claus, Inc. The public may purchase tickets from the troop members or at the event. Donation is \$1 for adults and 50 cents for children under 12.

**UPLAND HIGH SCHOOL MASCOT** -- Seen underneath the big H is the new Upland high school mascot, Angus McPep, III. He, along with Vikki Sturdivant, will act as mascot for all of the Upland high school varsity games.

## Cuddly McPep Needs A Home

Want a real live celebrity in your family?

Such a dream can come true-providing you have a fenced yard and are in the Upland high school neighborhood.

The celebrity in this case is Angus McPep, the Third, a cute and cuddly scottish terrier that will assume the mantle of Upland high mascot from his retiring father.

Pup McPep will lead Upland youth on to victory at all the school's games and events, keeping a tradition going that started when today's high school students were back in the pig-tail age.

But the Ed Sathers of 1001 Golden Rain feel their stint of fame as official home of the Up-

land high mascot should now pass on to a family whose youngsters are still in the high school age bracket.

And that's why young Angus McPep III is looking for a new family to bring fame and happiness to - and it could be you.

Don't worry about McPep if you have a swimming pool. He confines his revels to peeping up students - not plunging into water.

A call to Mrs. Sather at 982-6951, or Upland high's human-style mascot, Vikki Sturdivant at 982-2641 will get you an introduction to McPep - and perhaps a famous personality in your household.

## Our Servicemen

### Chester L. Allen

Seaman Chester L. Allen Jr., USN, son of Mr. and Mrs. Chester L. Allen of 969 S. Springfield St., Upland, and husband of the former Miss Linda L. Whitting of Orem, Utah, is serving at the US Naval Support Activity, Danang, Vietnam.

The Danang Support Activity is the Navy's largest overseas shore command with nearly 10,000 officers and enlisted men assigned to it.

### Dick H. Burroughs

Navy Ensign Dick H. Burroughs, son of Mr. and Mrs. T.H. Burroughs of 1395 N. San Antonio, Upland, became a member of the Navy's "Flat-top Fraternity" by completing six arrested aircraft carrier landings aboard the USS Independence in the Gulf of Mexico.

The "Flat-top Fraternity" are those pilots who have been qualified to land an aircraft on an aircraft carrier.

As a student aviator he practiced on simulated carrier landing strips on the ground. With the completion of his six carrier landings he has been Carrier Qualified.

### Gordon C. Campbell

Gordon C. Campbell, 19, son of Mr. and Mrs. Robert R. Campbell, 984 Golden Rain St., Upland, was promoted to Army specialist four recently while serving as a door gunner in the 110th Aviation Company near Cu Chi, Vietnam.

### Louis Castle

Airman Louis C. Castle, son of Mr. and Mrs. Robert Castle of 5510 Hermosa St., Alta Loma, has received his first US Air Force duty assignment after completing basic training at Lackland AFB, Tex. The airman has been assigned to a unit of the Air Force Systems Command at Edwards AFB, for training and duty in the photography field. Airman Castle, a 1964 graduate of Charter Oak high school, attended California State College at Pomona.

### Bruce T. Finnie

Warrant Officer Candidate Bruce T. Finnie, 19, son of Mr. and Mrs. Thomas S. Finnie, 376 S. Vine Ave., Upland, completed a helicopter pilot course recently at the Army Primary Helicopter School, Ft. Wolters, Tex.

He next will undergo advanced flight training at the Army Aviation School, Ft. Rucker, Ala. Upon completion of advanced training he may be appointed a warrant officer.

### Robert A. Reddy

Marine Private First Class Robert A. Reddy, son of Mr. James V. Reddy of 880 Redding Way, Upland, is serving with the First Battalion, First Marine Regiment, First Marine Division in Vietnam.

When not engaged in major operations, Marines of the battalion participate in company and platoon size sweeps through the battalion's area of responsibility in search of enemy infiltrators.

They also conduct civic action programs designed to aid the South Vietnamese people.

### Jeff A. Taylor

Damage Controlman Fireman Jeffrey A. Taylor, USN, son of Mr. and Mrs. Oval Taylor of 666 Olive St., Upland and Seaman Christopher M. Drewry, USN, son of Mr. and Mrs. Robert C. Drewry of 157 Orchard Lane, Upland, have arrived in Portsmouth, Virginia aboard the aircraft carrier Enterprise.

### William C. Uber

U.S. Air Force Airman First Class William C. Uber, son of Mr. and Mrs. Theodore R. Uber, 2460 N. Euclid Ave., Upland, has arrived for duty

at Ankara Air Station, Turkey.

Airman Uber is a communications specialist in a U.S. Air Force support unit.

He graduated in 1965 from Upland high school and attended Chaffey Junior College in Alta Loma, and the University of Colorado.

His wife, Carolyn, is the daughter of Mr. and Mrs. M. E. Hayes, Ontario, Calif.

## County To Hike Dog Tag Fees;

County supervisors are seeking an improved dog control program by authorizing the addition of two field officers to their six-man rabies control staff and a \$1 increase in the annual licensing fee to pay for them.

The action was promoted by increasing complaints about stray and vicious dogs in unincorporated communities.

The County Health Department's recommendation to add manpower and to boost the license fee from \$3 to \$4 was met with reluctance by the supervisors two weeks ago but finally found acceptance.

Supervisor Nancy E. Smith, who had called for a study of the problem but had resisted any staff expansion, said she changed her mind after conferences with health officials.

"It's quite obvious there are too few people to handle the calls they get," she said.

Supervisor Donald C. Beckord said the proposal to assign the new officers as a roving team to cover "hot spots" should provide "a partial, immediate solution."

Burial was at Forest Lawn cemetery, Covina Hills.

THE OLD AND THE NEW... The ornate dome of the Roman Athenaeum Concert Hall dominates this scene in Bucharest as passersby stroll along seemingly unmindful of its beauty. The hall faces the State Council Palace in the Romanian Capital.

ITEM: Fine paneling can be painted if all loose varnish is removed. A latex paint will do the job. But it is imperative that all loose paint or varnish be removed or it will peel under the new coating.

## Openings Remain In Job Corps.

The Job Corps is still in business, and five West-end youths will be accepted for training before September 30. This word comes from Donald Manchester, Manager Ontario Local Office of the California State Employment Service, at 1000 W. 4th Street, Ontario.

Because of Job Corps cutbacks earlier this year, a widespread belief exists that no more youths will be accepted. "Not so," Manchester said, and he urged young men, 16 through 21 years of age, to apply immediately at the Ontario office if they are out-of-work and out-of-school.

Youths accepted for training will be assigned to a Job Corps center in

Arizona, Oregon, Utah or Washington he said.

Job Corps trainees receive free room, board, clothing, medical and dental care. They receive \$80 per month of which \$50 per month is set aside to be paid when a youth leaves the Corps, if they remain at least 6 months. He may quit at any time he wishes, and the longest period of training permitted is two years. The average youth stays about one year, Mr. Manchester said.

The Job Corps offers training for many types of jobs and also general educational courses. The aim, Mr. Manchester said, is to make a youth employable.

## Horse Racing At Fair To Award Purses

POMONA - Horse racing with pari-mutuel betting makes its 31st annual stand here starting Friday when the Los Angeles County Fair presents a 14-day meeting of thoroughbred, quarter horse and harness horse sport in conjunction with its annual exposition.

A total of 12 races will constitute the daily cards, with two harness races and two quarter horse races preceding the regular program of eight contests for the thoroughbreds.

Sprinters hold forth on both

days of opening week-end, with 3-year-olds contesting the \$10,000 added Foothill Stakes at six furlongs Friday, and older sprinters trekking the same distance to bring under colors the nation's second ranking sprinter, Kissin' George, who set the Pomona track record of 1:09 3/5 for the distance while winning an overnight allowance here last year in his only appearance.

Purses in the aggregate of three quarters of a million dollars are up for grabs, thus assuring that the quality of the racing here will be on a par with

that presented at any track in the state. There will be 12 races daily, with post time for the week-day cards set for 12:30 p.m., for the three Saturday programs, 12 noon.

Most of the purse program is dedicated to the thoroughbreds, with no less than 13 stakes on tap during the 14 days of racing. The quarter horses come in for one stakes, the Pacific Coast Quarter Horse Racing Association Futurity, thus rounding out a stakes-a-day format unmatched by any track.

## Heavy Smog May Halt Fall Sports

Strenuous sports and physical activities will be brought to an abrupt halt or placed on a limited basis in many San Bernardino Valley schools this year during periods when smog reaches a dangerous level.

Every school district in the valley's smog belt, from Redlands on the east to Chino on the west, will be affected by the policy which stems from a San Bernardino County Medical Society resolution sounding this warning:

"Because smog is an increasing health hazard which may seriously affect the lungs of young people, the San Bernardino County Medical Society Board of Directors strongly recommends that when the forecast concentration of ozone in the atmosphere reaches 0.35 (of a

part per million, San Bernardino County students through high school, in any identified air monitoring zone, should be excused from strenuous indoor and outdoor activities."

The resolution is identical to one issued in early summer by the Los Angeles County Medical Association and later adopted as a basic smog policy by the schools in that county.

A similar policy is expected to be adopted by Riverside city schools this week.

Football and cross-country running are two fall sports that could be affected immediately by the smog order, but the curtailment of physical activities during periods of danger could carry over into basketball, track, baseball, tennis, swimming and other sports.

However, it is not only competitive sports that are involved in danger from smog. The policy will dip into all phases of vigorous physical education and elementary grade playground activities.

Dr. Roy C. Hill, superintendent of San Bernardino County schools, said the medical society's recommendation will be forwarded to schools under his jurisdiction. Each school district in the county then presumably would establish its own policy on how to react to smog alerts.

"When we are told by the County Air Pollution Control District that the smog level is dangerous, schools will be alerted by telephone and advised to take appropriate action as far as physical activities are concerned," said Dr. Hill.

## Keough Attends Coaches' School

John Keough of 7500 Carnelian, Cucamonga, recently attended Pepperdine College's ninth annual Coaching Clinic, "The Big One," which was held June 23-28.

Keough was among 300 other coaches from all over the country who participated in the week long session, which featured foremost collegiate and professional coaches.

Football headliners on this year's Clinic program were Ohio State's Woody Hayes and Tennessee's Doug Dickey. Hayes' Buckeyes emerged at last year's National Champions by virtue of a dramatic victory over O.J. Simpson and the USC Trojans in the Rose Bowl.

Basketball was equally big with UCLA's John Wooden, North Carolina's Dean Smith and USC's Bob Boyd, all on the program.

Other Clinic speakers included Payton Jordan, track coach at Stanford; members of the California Angels baseball organization; Dr. Robert Kerlan, nationally known orthopedic consultant; and Frank O'Neill, trainer for the NEA Los Angeles Lakers.

## Montclair Opens Grid Season With Alta Loma

Football practice began in earnest this week at Montclair high school after a week of conditioning with the Cavaliers formally opening the 1969 season when they host the Alta Loma Braves at the Upland field, Friday, Sept. 9 at 8 p.m.

Prior to the opener, however, the Cavaliers will hold a scrimmage against the Azusa Aztecs in Montclair at 9 a.m., Sat., Sept. 13.

Following the opener against the Braves, the Cavaliers will tangle with Eisenhower high at Chaffey college, Friday, Sept. 26.

The SAL opener will be against traditional rival Upland at the latter's field on Friday, Oct. 3. Balance of the schedule is as follows:

Oct. 1 -- Montclair at Bonita; Oct. 18 -- Montclair vs. Garey at MSA stadium; Oct. 24 -- Chino at Montclair on the Upland field; Oct. 31 -- Montclair vs. Pomona at MSA; Nov. 8 -- Montclair vs. Ganesha at MSA; Nov. 14 -- Claremont at Montclair (Upland field).

All varsity games start at 8 p.m. Jayvee and freshmen games are played at 3:15. Following is the J. V. and Frosh schedules for this fall.

### PAINTING CONTRACTOR

Otto Smith, painting contractor, has been licensed and bonded in the State of California for the past thirteen years.

Otto, with his son Jim, have worked as a team, contracting painting jobs of all descriptions: commercial, industrial and residential.

Keenly interested in the betterment of Cucamonga, the community in which Otto resides with his charming wife, he is currently president of the Cucamonga Service Club, as well as a director in both the Lions Club and the Cucamonga Chamber of Commerce.

As dedicated as he is to civic affairs, he is more dedicated to his business and will welcome the opportunity to give your particular job her personal, expert attention. A phone call to 987-1606 or 987-2896 will bring a bid for the painting job you have.

You will find competitive prices, and their work is guaranteed to your satisfaction.

## Spaghetti Feed To Aid Santa Claus, Inc.

It may only be September, but if hundreds of children throughout this county are to enjoy Christmas, it's time to start helping Santa Claus Inc., the non-profit organization that spends all year collecting and rebuilding toys for tots to find under otherwise bare Christmas trees on December 25.

Santa Claus is finding a major "helper" in the Ontario Boy Scout Troop 315.

These young men, under the leadership of Scoutmaster Keith Purdy and Assistant Junior Scoutmaster Dan Hamilton, are hosting a giant spaghetti feed Sunday, Sept. 14.

Spaghetti, garlic bread not from the oven, crisp cole slaw and iced punch -- maybe even watermel-

on -- will all be on hand for anyone to enjoy in the Euclid avenue parkway in Ontario that Sunday, with first servings set for 1 p.m., continuing right up till 5 that evening.

A nominal charge of one dollar per adult and fifty cents for children under 12 will be collected by the chef-Boy Scouts and all this money will go to buy needed parts for toys now being refurbished by Santa Claus Inc.

Scoutmaster Purdy summed it up by declaring, "It's a chance to have a great spaghetti dinner, with all the trimmings, for only a dollar, while enjoying company of friends -- and helping children keep their faith in Santa Claus, all at the same time."

## Sports Tips

### SAILING

A capsize small sailboat usually can be righted if you stand on the end of the centerboard, take a firm hold on the side of the boat and pull it toward you while pushing down with your feet. If you cannot right the boat, do not try to swim ashore. Stay with the boat until someone comes to assist you. A real lifesaver when you come ashore is Desert Flower hand and body lotion. You'll sail through the day and evening feeling refreshingly ship shape. (NP Features)

## Heart Association Seeking New Home

The East San Gabriel Valley Division of the Los Angeles County Heart Association is in great need of new office space, centrally located. Area included in this division is Azusa, Baldwin Park, Charter Oak, Claremont, Covina, Diamond Bar, Glendora, Hacienda-Romana, La Puente, Industry, La Verne, Pomona, San Dimas, Walnut and West Covina.

The City of Pomona has given us a good office for five years at token rent, but it has become necessary to look for larger, and perhaps more modern, quarters.

The Heart Volunteers and staff need a minimum of 1,200 sq. ft. of office space with adequate parking.

Volunteers are at work daily and meetings are held there, so air-conditioning and minimal kitchen facilities are on the "hoped-for" list. So far our volunteers have been unable to find a satisfactory location.

Earlier this year the California State Office of Tourism and Visitor Services displayed a beautiful new exhibit at huge travel shows in Los Angeles, New York and Chicago that generated literally thousands of requests for additional information about California tourist attractions.

Now, many California residents will also have an opportunity to view their state's official tourist and travel exhibit in the Counties Building at the Los Angeles County Fair in Pomona, September 12-28. They will also have a chance to meet their attractive and personable Director of Tourism, Mrs. Jan McCoy, who will man the exhibit at least part of the time, according to Mel Edwards of San Bernardino, one of 15 members Commission.

Don't burn his house down.

## SB Co. To Have Exhibit At LA Fair, Sept. 12-28

Edwards said the California display is unique in that the money for its construction came from contributions by Chambers of Commerce, travel and transportation firms and various other interested individuals and organizations all over the state, rather than from State funds. He said the exhibit is so constructed that visitors may place their name and address on any one or all of seven area lists at the booth. Later the State Tourism office forwards copies of the appropriate lists to Chambers of Commerce and other promotional agencies who contributed to the cost of constructing the exhibit so that they may send their travel literature to those on the lists. Edwards, whose full-time occupation is Publicity and Promotions Coordinator for the San Bernardino County Economic Development Commission, illustrated his remarks by stating that the EDC had sent San Bernardino County Travel literature to several thousand families whose names were on the lists forwarded to his agency from the State Tourism Office.

## Rehearsals Due Sept. 16

Rehearsals for the full scale production of "La Traviata" will begin September 16. They will be held at 7:15 p.m. in the Berlyn school at 1320 N. Berlyn ave., Ontario.

The performances are scheduled for the evenings of Nov. 14 and 15. It is not necessary to audition, the only requisite being the love of singing and the desire to perform.

Those wishing to sing in the chorus and perform in the opera are urged to call Mr. Stefan Petroff (714) 987-2730 as soon as possible.

## Famous 5M Ranch In Helendale To Be Placed On Sale, Sept. 28

The famous 5M Ranch, known for its Charolais cattle herd, will be sold to the highest bidder at a public auction on site located on the Old Las Vegas rd. between Barstow and Victorville in the city of Helendale on Sept. 28, at 1 p.m.

Mario Piatelli, president of the Piatelli Co., a national firm of real estate auctioneers, Beverly Hills, said the 350-acre cattle ranch has gas, electricity, telephone, 10 water wells, two private

residences, concrete cattle pens and a large amount of irrigation equipment set for the auction.

"This is an excellent opportunity for cattlemen, corporations which want to diversify, restaurant men who want to raise their own beef, and investors in general," said Piatelli. "The Charolais cattle are world famous, and the former owner of this ranch devoted his full attention to raising Charolais cattle."

He said the 350 acres are level, and he placed a replacement value of \$600,000 on the ranch. He said the A.T.&S.F. Railroad runs alongside the property, making it ideal to ship cattle to any area of the country.

The ranch may be reached by taking the San Bernardino freeway to Victorville, continuing on through the community of Oro Grande and then to Helendale. Helendale is located on the Old Las Vegas road.

## OFFER TO CONSIDER EQUIVALENT MATERIALS

Notice is hereby given that proposals for equivalents will be considered in accordance with the procedure established herein in connection with the forthcoming notice by the Board of Supervisors, Los Angeles County, California, calling for construction bids for furnishing all materials, labor and equipment required for the construction to complete the following work:

### PERTINENT DATA TABLE

SP	PROJECT	SPECS. #	DEPOSIT	POST MARKED DELIV.	HAND DELIV.
	Metal Building Airport Storage Hangars-Phase II, for Bracket Field, LaVerne	2845	\$25.00	9-29-69	10-1-69
1	Compton Airport, Compton				
4	General W.J. Fox Airfield, Lancaster				

Drawings and specifications are on file and open to the inspection of interested parties, and copies of drawings and specifications may be obtained for a deposit as indicated above, at Room 103, Los Angeles County Engineering Building, 108 West Second Street, Los Angeles, California. Deposit is refundable on return of drawings and specifications in good condition within forty-five (45) days after bid opening date or, if Notice Inviting Bids is not advertised within forty-five (45) days after the hand delivered deadline date, plans and specifications must be returned within sixty (60) days after the hand delivered deadline date.

Whenever in said specifications any material is specified or indicated by patent or proprietary name and/or by the name of manufacturer, the material so specified or indicated shall be deemed to be followed by the words "or equal". Any material considered equivalent to that specified or indicated, may be offered in the following manner:

Any proposed additional equivalent material must be offered in writing, specifically and comprehensively described with an accurate reference to the Specifications page and paragraph or drawings sheet number specifying the material for which the additional equivalent is proposed. Sufficient technical data, details, descriptive literature, catalogues and samples, if necessary, shall accompany said additional equivalent material offer to enable the County Engineer to determine whether or not the material proposed is equivalent to that specified.

The written offer and all supporting data shall be individually and clearly labeled with the pertinent Specification Number and project name and title of the work on the lower left front surface of a sealed envelope or package in which said material is enclosed.

The envelope or package shall be mailed to the County Engineer, Room 700, Los Angeles County Engineering Building, 108 West Second Street, Los Angeles, California 90012; postmarked not later than midnight of the day shown in "Pertinent Data Table", or may be delivered to the office of the County Engineer at the same address not later than 4:30 p.m. of the day shown in "Pertinent Data Table" under heading of hand delivered.

### DEADLINES

If delivered by hand the offer and supporting data shall be enclosed in a sealed envelope or package, and it shall be the responsibility of the person offering an equivalent to verify that the envelope or package is time-stamped with the County Engineer's time-stamp at the time of delivery.

Any proposed additional material offered in accordance with the above requirements will be evaluated by the County Engineer as to equivalence with that specified.

In addition to proposals for equivalent materials, proposals for modification of the contract time period(s) as set forth in the specifications will be considered when offered in accordance with the before stated procedure and time limits. Any proposal for an increase or decrease in the contract time period(s) must contain a clearly worded statement explaining the reasons in favor of the change.

At the time the Notice Inviting Bids is advertised, the specifications will embody an Addendum which will stipulate additional equivalents, if any, which will be acceptable to the County and may be furnished at the Contractor's option in addition to the specified material. At the same time a copy of the Addendum will be mailed to all parties who are on record as still in possession of drawings and specifications obtained at a prior time.

By order of the Board of Supervisors of the County of Los Angeles, State of California, dated September 2, 1969.

ITEM: If you have a new automatic dishwasher, follow the manufacturer's directions carefully. If you want sanitary, clean dishes, watch such things as temperature of the water, the proper detergent and soft water.

ITEM: To keep paint cans clean for storage, wrap aluminum foil around the can and set it on top of a paper plate or old pie tin. The aluminum foil and plate will catch all the drippings. Then, all you have to do is remove both and you have a clean container to store.

## PUC Grants Rate Hike

The California Public Utilities Commission announced today it has granted Edison a \$46.6 million annual rate increase. The Commission said the increase authorized should allow the Company a 7.35% return on investment. Edison had asked for a \$60 million annual increase and a 7.6% rate of return.

Of the total annual increase granted, \$35.1 million will be derived from increases in basic rates under the jurisdiction of the California commission. The additional \$11.5 million, termed "temporary" by the Commission, will offset the 10% federal surtax and will be collected as a 2% surcharge on customer's bills.

It is expected the new rates will become effective about September 12.

Although there has not been an opportunity to analyze the full text of the 42-page decision, it is understood that the effect of the rate increase granted would just about match the amount of rate reductions passed along to Edison customers over the past 12 years. Therefore, the general levels of Edison's rates will be about the same as they were in 1957.

## PFF Offering Free Safety Deposit Boxes

The response of depositors to the free safe deposit box service at its Claremont office has been so favorable that Pomona First Federal Savings and Loan Association has decided to increase the scope of service by 10 percent.

J. P. Lee, manager of the Claremont office, said the association will add another 100 boxes to the 1,000 it already has at

Claremont, because most of the boxes have been occupied since the May opening.

Lee said, account holders with deposits of \$2,500 or more at Pomona First Federal are entitled to the use of free boxes where valuables may be kept without concern about fire or theft.

The vault is in the custody of Mrs. Frances Lit-

zinger who was specially trained for that work. Mrs. Litzinger held responsible positions in banking as well as in aeronautics before joining the Claremont office. She lives in Upland with her husband, James and their daughter, Marti.

ITEM: Laminated plastic, available in many colors, is the most used material for kitchen counter tops.

## Parents Without Partners Slates Active Schedule

"Do you need sex re-education?"

That provocative title will keynote the discussion group of the Parents Without Partners, set to meet this Saturday at the home of Betty Humphrey in Claremont.

The PWP clubs tackle the full scale of problems that confront today's single parent, from how to be mom-and-dad rolled into one, to what standards do today's teenagers really accept.

Busy social calendars are another aspect of the PWP involvement, with events ranging from card

parties to beach fetes, such as a special day by the ocean planned for this Sunday, with members leaving from De Anza Park in Ontario at 9:30 a.m., headed toward Corona Del Mar.

Functions of the PWP include not only those that give the alone-parent and their youngsters social outings, but "adult only" evenings as well. The Parents Without Partners realizes the empty social life a divorced person may suddenly find themselves mired down in and attempts to rectify this

side-effect of divorce or widowhood as well.

Next Tuesday a discussion group will meet at the Claremont home of Florence Cohen, with an eye to "Our Changing Roles" as their target for conversation.

Any parent who is alone may become part of the PWP, with any Chamber of Commerce ready to supply information on who to contact - or just drop in at the next general meeting, Sept. 19 at the Colonial Savings and Loan Company in Claremont starting at 8 p.m.

## Nevele Pride Due In Calif. At Hollywood

Nevele Pride, who shattered Greyhound's world trotting record last Sunday with a mile in 1:54 4/5, will race at Hollywood Park this fall during Western Harness Racing's 78-night meeting that begins September 23.

WHR Vice President and General Manager Pres. Jenuine made that announcement after conferring with Nevele Pride's driver - trainer Stanley Dancer, who plans to start the brilliant son of Star's Pride in the \$25,000 Pacific Trot at one mile Dec. 5 and in the \$100,000 American Trotting Classic Dec. 12. In all likelihood, the two Hollywood Park races will mark the final competitive appearances for Nevele, who is scheduled to begin a stud career as part of a \$3.6 million syndication in 1970.

## Variety Of Horse Shows During LA County Fair

POMONA-Horse show enthusiasts certainly have a place at this year's 42nd Los Angeles County Fair, here Sept. 12-28.

Featured at the Fair's famous Carnation Ring will be some of the finest in horse flesh at least once a day for 14 out of the exposition's 17-days. Saddle horses will compete morning, afternoon and evening during the fair's first three days, Sept. 12, 13 and 14, under the sponsorship of the California Saddle Horse Breeders Assn.

The top quarter horses in the western states will be in the ring for the first national reining futurity held on the West Coast on Thursday, September 18. The cutting horse class on Sept. 19 and the halter and performance class on Sept. 20 and 21 will also feature quarter horses. All three events will be sponsored by the Valley Quarter Horse Association.

Buckskins will appear one day only on Monday, Sept. 22, under the sponsorship of both the Southern California Buckskin Association and the Pacific Coast Buckskin Horse Association.

An informative and entertaining event for the public will be "America on Horseback", a colorful program featuring all breeds of horses on Sept. 23 and 24. These evening shows are presented by the Equestrian Arts Assn.

In the morning and afternoons of the same days there will be a Morgan horse show, sponsored by the Morgan Horse Foundation Club of San Dimas.

During the final four days of the fair the Carnation Ring will host Appaloosas on Sept. 25, Pintos Sept. 26-27, and Tennessee Walking Horses on Sept. 28.

On display in the fair stables during their show and the duration of the fair will be the Quarter horses, those taking part in the "All Breeds Show", Appaloosas and Pintos.

In addition to all the horses the fair will also host over a million humans during its annual run.

## Franchising, Property Owner's Opportunity

By Milton Stone, pres., Ontario-Upland Board of Realtors.

Notice all the franchise chains blossoming their outlets up and down the state? Most visible are the food ones, those that specialize in donuts, tacos, pancakes, hamburgers, ice cream, complete restaurants and coffee shops.

There are franchises for car washes, photo finishing, drivethroughs, parking lots, muffler shops. You can name the others. It has been estimated that there are 400,000 franchised businesses in the United States, doing 10% of the Gross National Product. California originates about 23% of the new franchises offered our nation's customers.

Most of these have one thing in common—they use land. Usually, however, they don't buy it. They lease it. Many even prefer to lease the building they occupy, provided it is built to their specifications. Since most depend to some extent on a highly distinctive building as a trade mark of their product, the latter is understandable.

For the owner of land in good traffic locations, all of this franchise activity can be an opportunity. Leasing to a recognized franchise chain with a history of success can provide a reliable source of income. If the owner becomes involved in putting up a building as well, this can provide additional income, at no particular expense. They are good investments and quite easily financed as a rule.

Because of these and other advantages in serving the franchising businesses, Realtors and other real estate brokers are watching for opportunities for possible clients. It often takes such a middle-man to arrange them.

### PREFER LEASE

Franchise chains are interested in making their capital stretch as far as possible, their basic reason for leasing instead of buying. They also process a constant stream of prospective locations, applying their particular yardsticks against them, before selecting new locations. A chain coming into a new territory might tie up 15 or 20 such locations, getting them all ready simultaneously so they can splash the area with concentrated advertising, getting the new franchise holders off to a good start.

NOTICE OF TRUSTEE'S SALE No. 92

On September 30, 1969, at 10:00 o'clock A.M., at the entrance of the Justice Court in the City of Upland, at the corner of 1st and 9th Sts., CULVER CITY LAND CO., INC., as Trustee under the Deed of Trust made by ARNOLD D. WRIGHT and JULIANE A. WRIGHT, husband and wife and recorded January 22, 1964, in Book 6071, Page 370, of Official Records of San Bernardino County, California, given to secure an indebtedness in favor of CULVER FEDERAL SAVINGS AND LOAN ASSOCIATION, a corporation now owned and held by CULVER FEDERAL SAVINGS AND LOAN ASSOCIATION, a corporation by reason of the breach of certain obligations secured thereby, notice of which was recorded May 29, 1969, in Book 7241, Page 343, of said Official Records, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at the time of sale, without warranty as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said Deed of Trust, in and to the following described property, to-wit:

City of Upland, County of San Bernardino, State of California

Lot 10 of Tract 6480, as per map recorded in book 84, page 77 of Maps, in the office of the county recorder of said county.

for the purpose of paying obligations secured by said Deed including fees, charges and expenses of the Trustee and of sale.

Dated: September 2, 1969  
CULVER CITY LAND CO., INC., Trustee  
By: George C. Black, President  
Upland News No. 3625  
Published September 11, 18, 25, 1969

Their field men can, of course, contact individual land owners, and sometimes do, but the most logical and inexpensive way of lining up new sites is to do as most people do when seeking real estate. They let a Realtor or other real estate broker do their shopping for them.

Even though the Realtor does arrange the transaction and is able to advise the land owner in ways of enhancing his investment, he will often engage an attorney when the leasing agreement is being drawn up because of the complexity of such matters.

### MANY ADVANTAGES

The advantages to the property owner in entering into an agreement with a franchise chain are many. He is leasing, which avoids the capital gains tax he might have if he sold outright. If the franchisor is successful, and it's his business to be successful, the owner has an agreed income as a return on his investment. If he is participating in ownership of the building, perhaps even having built it to suit the tenant, he has the building in addition to the income.

It is even possible to get lease guarantee insurance to protect the land owner against default in rental payments.

Franchising is a way of giving local operators the advantage of proven know-how in a particular field. It reduces the odds against business failure and more often than not benefits the franchisor, those operating the franchised business, the land owner, and the public.

## Chaffey College Boasts Girl Twirler Champion

ALTA LOMA -- Coming attraction for half-time performances at Chaffey college football games will be an acrobat whose skill is matched only by her figure.

Featured by the Panther band will be Miss Ellen Louise Proulx, daughter of Mr. and Mrs. E. A. Proulx of Chino and a graduate of Chino high school.

Miss Proulx is director of the Deb Stars Senior Majorette Corporation and co-director of the Deb Stars Junior Ensemble. The Ensemble walked off with the California State Apprentice Championship, the Orange Show Championship and the Twirlathon Championship this year.

As a top twirler, Miss

Proulx has earned more than 500 awards and played a key role in winning some 200 group awards. Among her titles for 1968 were California State Parade Champion and Miss Maytime Majorette, leading the Maytime Band Review in National City and conferring band trophies. In the previous year, she was named Maytime Princess and Toyland Princess.

She was jetted to Lima and Trujillo in 1967 to twirl at Peru's International Festival parade and perform on television and at bull fights, soccer games and fashion shows. Her expenses were underwritten by the Peruvian government.

## Redlands Bowl Dates Elijah

The newly-formed Choral Arts Society of Southern California, under the direction of Patrick Hicks, will present Mendelssohn's "Elijah" at Redlands Bowl at 7 p.m. on Sunday, Sept. 28, with accompaniment by members of the Redlands Bowl Symphony orchestra.

Two of the soloists have been announced. They are baritone Robert McFerrin of the Metropolitan Opera who has sung the role of Elijah more than 300 times and soprano June Roselle who portrayed Maria twice with the San Bernardino Civic Light Opera for a total of 21 sold-out performances.

## Angels Angles

by Con Lacy

A second miracle for Mercy Pimental, 21-year old San Dimas girl is very well underway this week.

Volunteer workers expect to complete a new 20 x 25 foot room by September 15th at the Pimental residence that will house Mercy and an artificial kidney machine necessary for her survival.

Mercy is one of 13 children in a household of 18 now living in a small-small 3-bedroom home which is a minor miracle in itself.

The plight of the Pimental family, faced with an extraordinary crisis, that would tax the resources of even the most well-to-do family was first disclosed in the Pomona Progress-Bulletin last month.

Community response in donated labor, material, and even money has been dramatic. Contractor Deac Kennon and San Dimas-La Verne Kiwanis Club started the ball rolling. Through Kennon and the Kiwanis Club, materials for a foundation were arranged and labor provided. But the problem of building material for the addition still remained almost insurmountable.

Last week-end an Angels Home Improvement center truck answered the Pimental family prayers by delivering a complete load of material—enough to complete the entire addition to the Pimental home. This truck load donation was arranged by Doug Haskins, energetic young manager of the Pomona Angels Center.

Doug first learned of Mercy through local newspaper publicity. He consulted with Angels General Manager Les Morris, also a San Dimas resident, and it was decided that Angels would donate all the lumber, hardware, windows, siding, roofing and insulation for the whole job.

Last week the material was delivered, courtesy of Angels, and construction is proceeding on schedule.

Within two weeks Mercy will be raking her live-saving kidney treatments in her own room, and have a chance for improvement and a possible kidney implant in the future.

Mrs. Lucy Pimental, Mercy's mother, says Mercy can have the choice of any healthy kidney in the family when she has improved enough to undergo the hazardous operation.

Mercy's first miracle — is to be alive today. In March, this year, doctor's told Mrs. Pimental that Mercy's kidney condition has become so severe that there was no hope for her survival.

But the Pimentals refused to give up. Members of the family, including the children, have taken turns massaging Mercy's toes and ankles, working around the clock to save amputation.

Today Mercy's condition has improved, and she has a fighting chance for survival.

Coincidentally, on the week Angels delivered the building material, the entire Angels chain started its Labor Day week-end "Miracle Sale."

Doug Haskins and the boys at Angels didn't plan it that way, but they certainly played a major part in the "Mercy Miracle."

Congratulations Doug and Les Morris, we know the readers of this newspaper will be pleased with Angels — the company of "Miracle" prices, not just on the Labor Day week-end but every week of the year.

## These Women Will Enjoy Fall With Their New Slim Figures Created By The Pat Walker Reducing Program

MRS. ANTOINETTE M. BALON OF LAKEWOOD, with the Pat Walker Program, reduced from a bulging size 16 to a perfect size 12. Mrs. Balon reduced 3 inches from her waist, 5 1/2 inches from her abdomen, 4 1/2 inches from her hips, 5 1/2 inches from each thigh and 2 inches from each upperarm. Mrs. Balon reduced 31 1/2 inches overall and 28 1/2 pounds.

8 YEAR OLD MICHELLE BRENNAN OF ORANGE COUNTY, with the Pat Walker Program, reduced 8 1/2 inches from her hips, 8 inches from her abdomen, 5 1/2 inches from each thigh, 2 1/2 inches from each upperarm and 3 inches from each knee. Michelle reduced 25 pounds and a total of 59 1/2 inches.

MRS. MARY SHAVER OF BEVERLY HILLS, with the Pat Walker Program, reduced 3 inches from her bust, 4 inches from her underbust, 4 1/2 inches from her waist, 6 1/2 inches from her abdomen, 5 inches from her hips, 3 inches from each thigh, 1 1/2 inches from each upperarm and from size 16 to size 10.

MRS. ELMA ROSCOE OF TORRANCE, with the Pat Walker Program, reduced 2 inches from her bust, 3 inches from her waist, 2 1/2 inches from her abdomen, 3 inches from her hips and 3 inches from each thigh. She reduced from a size 14 to a perfect size 8.

## You'll Reduce in All the Places You Should

by Miss Pat Walker, the Internationally Recognized Reducing Authority

Now that Summer is almost over and the Fall season is fast approaching, it suddenly makes a woman realize that her figure is so important to her because the new season's smartest clothes are available in sizes for only slim figures.

All too often, a woman will tell us how the

previous year's social activities and holiday season were ruined because she tried on her previous year's clothes and found the added inches and weight made it impossible for her to wear them. And after shopping for new clothes, she became demoralized and disheartened because nothing looked the way it should. This resulted in a minimum wardrobe "just to get

by" and the excuse of why she didn't want to be seen at social activities.

It is a shame that all so many women experience this because in truth it need not happen. Today, it is better to invest money in a new figure than try to buy clothes to disguise it. You can buy your figure back just as you would purchase clothes, furniture, automobiles or anything else.

The only thing is that it is a service and you have to come to the salon to get it. But, it is nice to know that we make reducing most pleasant and therefore a woman enjoys the time spent with us.

I visit with so many, many women of every age, walk of life and nationality, and each woman thinks her figure problems are so very different from another woman's that it will

work for the other woman but not for her.

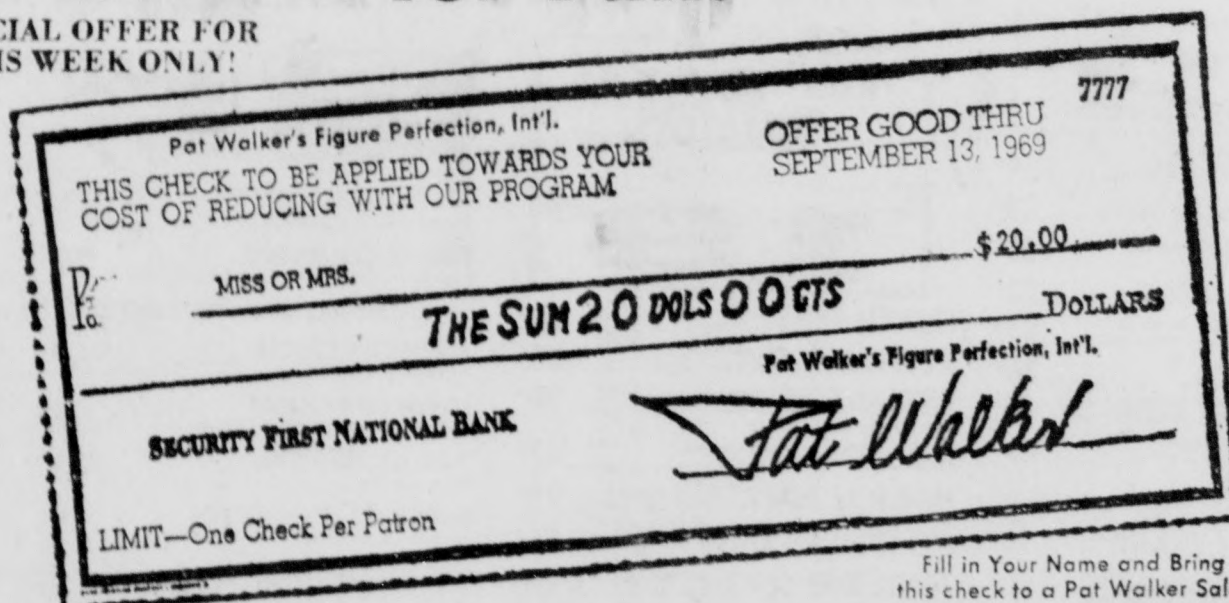

After a figure analysis, she realizes her figure problems are really not so different and that thousands of others have experienced the same problems that she has and suddenly she regains hope and faith that something can be done for her and her own figure problems. When she has had her figure analysis, she knows where she

needs to lose, what it will cost her, and how long it will take.

It is a very proud, secure happy woman who receives compliments and attention of those closest to her because she becomes a new person both in appearance and personality. This has not been luck on her part, she made her own luck when she recognized she had figure problems and came to us for help.

## A Special Incentive for You to Reduce for Fall!

SPECIAL OFFER FOR THIS WEEK ONLY!

Fill in Your Name and Bring this check to a Pat Walker Salon

A Personal Reducing Incentive to All Women

As a special inducement for you who need to reduce for Fall, here's that added incentive. Use the above check to start your reducing program so that you can have that appealing new look you've always hoped for and you too can have a new slim figure for Fall and the Holiday Season ahead. Come in, phone TODAY for your personal appointment for FREE trial treatment and figure analysis without obligation.

If you feel that your figure problems are next to hopeless, if you think that reducing will work for everyone but not for you, if you think you are too old, or too young, or too flabby, or that your bone structure is too large or too small, or that you have waited too long, or that you have an impossible reducing problem, or if you have found some unique, special excuse for your overweight problems, then this check, which may be used as a special incentive offer valued at \$20.00, may be used by you to start reducing now so that you can enjoy Fall and the Holidays with a new figure that you will be proud of, because you too can reduce quickly and easily in complete privacy, without strenuous exercise, without disrobing, without starvation diets as over 5,000,000 women have done with our program. If you should make the decision to start reducing now you may use this check valued at \$20.00 this week only and apply it to the cost of your figure correction.

## Mexico Ballet Top Attraction At L.A. Fair

POMONA-- They have few equals in the world. The National Ballet of Mexico, which features Latin-American folk-dance and song, opens as a free grandstand attraction at the Los Angeles County Fair on Friday, Sept. 12 and will run through Thursday, Sept. 18.

The dancers from Mexico will appear nightly at 8 p.m. On Sunday, show time is 2 and 7:30 p.m.

The National Ballet presents a program which moves from simple folk routines to the most intricate traditional dance rituals. As each sequence gives way to the next, the brilliant colors of the costumes, the extravagant headgears, the involved personnel, and the dancing skills become more strange or exotic.

There are no stars in this group, because folk dancing has no room for technical specialists. The dancers are well drilled and manipulate their splendid costumes with ease and a touching feeling of happiness.

The show also has its own comical trio, Los Tex Mex. Their clowning is laughter-producing and is surpassed only by the singing Mexican style which includes a jazzed up version of Waltzing Matilda with definite overtones of the calypso. For sheer richness of material, Mexican dancers have few equals.

The Fair will make its annual run from Sept. 12 through Sept. 28.

# LA County Fair Flower, Garden Show To Have Western Theme

POMONA-The Los Angeles County Fair's huge flower and garden show is going western this year.

Just in time for California's 200th centennial celebrations, the main room of the five-acre display will follow an early American theme complete with cowboys, Indians and even a miniature stage coach. Four waterfalls, numerous firs and pine trees plus the room's famous "mountain waterfall" will

lend the display a "High Sierra" effect.

In the show's commercial building, junior, amateur and commercial exhibitors will display a sea of cut flowers and landscape garden exhibits.

According to Bob Lamp, Flower and Garden Show supervisor, cut flower displays in the commercial area will be changed every three days during the fair's 17-day run to insure their fresh-

ness and luster.

Also on exhibit in the commercial area will be 150 miniature Japanese bonsai plants.

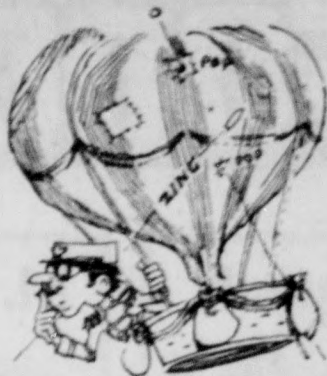

Moving to the other side of the building, fair visitors can enter a world of tropical color in the show's famous Tropical Room. "There will be a lot more selectivity here this year," commented Lamp.

A huge 16-foot Japa-

nese torii gate will dominate the show's "backyard" hill area. Here garden displays of Oriental, Early American, Mediterranean and Spanish design will give fair visitors helpful ideas for their own garden creations.

The Flower and Garden Show is one of more than 20 major exhibits at the 42nd annual Pomona exposition which begins its annual 17-day run Sept. 12.

## World Book Lore

The Prussian army originated anti-aircraft artillery in 1870. The Prussians used anti-aircraft guns against French balloons during the siege of Paris in 1870 and 1871.

ITEM: One ingenious mother straps her child into a portable plastic car seat, covered with terry toweling, and places the seat in her bathtub. Having both hands free, she's able to soap and rinse baby without danger.

## L.A. Woman in Agony Can't Stop ITCHING

"For 9 years I couldn't stop itching. I suffered until I found a remarkable medication and got joyful relief." If you are tortured by vaginal itch, rectal itch, or if your skin itches like mad anywhere on your body, here's a good news. Now you can get glorious relief wherever you itch with a proven cream formula called BUZZENE. This unique medication attacks fungi and bacteria while it gently soothes sore or inflamed tissue. Quells irritated nerve ends so scratching stops, natural healing starts. So don't suffer. Get BUZZENE at Thrifty Drug Stores. Feel better fast.

# LA County Fair Has Something For Everybody

POMONA—The Los Angeles County Fair is in its 42nd year and getting newer all the time.

For 17 action-packed days, Sept. 12-28, the famous Pomona exposition will be the center of activity for the Southland.

Over 400 acres of exhibits, contests, rides and attractions hold something of interest for family members from two to 102.

The best in domestic arts creations will hold plenty of interest for mom. Eighteen classes of competition should give the gal with a "do it yourself" flair plenty of ideas for her own home type inventions.

Going on to the fair's Commercial, Home and International buildings, the lady of the house will find that if she can't make it herself she certainly can learn where to buy it at the fair.

The famous Flower and Garden show holds interest for both father and mother. With color as its theme, the Fair's floral extravaganza has the latest in the use of plants and flowers both in and outside the home.

Right next door to the floral exhibit, the fair's huge Sports Plaza will add plenty of fuel to the family's desire to hit the road. Trainers, campers, camping equipment...everything in the latest gear necessary to create your own vacation paradise.

The plaza also holds plenty of attraction for dad's desire to be the captain of his own ship. The latest in family boating equipment and daily water skiing, demonstration should provide ample attraction for those with a touch of fish in their blood.

More ideas for the home interior and perhaps some ideas on what to do with that spare room can be found in the famous Interior Design Showcase.

Located in the same building as both the Interior Design Showcase and Art in Action, the photographers will be displayed throughout the exposition's run.

## Jones Teacher Of Real Estate

Paul Jones has been appointed as instructor for Real Estate Practice at Mount San Antonio college Evening Division. The class is scheduled for Wednesday evenings, 7-10 p.m. First class is Sept. 17.

Paul Jones

Paul Jones is president of the Pomona Valley Board of Realtors. There are three Paul Jones & Associates offices in the Pomona Valley area, Pomona, La Verne and Montclair.

Registration is now open, Mon.-Thurs., 6-8:30 p.m. Final date is Sept. 18.

The fair loves animals and with the number of them around at fair time, it's not hard to prove.

Hundreds of ribbons and medals will go to prize winning horses, cattle, sheep, goats, swine, rabbits, chickens, pigeons, cage birds, even tropical fish in various areas of competition. Prize-winning animals will be on display throughout the fair.

Six days a week during the fair's run, action-packed horse racing will provide excitement for the whole family on the fair's fast half-mile track.

Included in the action will be Thoroughbred, Quarter Horse and harness racing on a 12-race card complete with pari-mutuel wagering and a Daily Double.

Storybook Farm will provide some tamer contact with the animal world. In the fair's own miniature barnyard kids can see and pet all of the traditional farm residents. Nearby stands an authentic replica of a turn-of-the-century farm house.

Entertainment, too, provides a big part of

fair activity this year. Excitement will fill the huge grandstand Monday to Saturday at 8 p.m.

at 2 and 7:30 p.m. on Sundays for each of the exposition's three free grandstand shows.

Beginning on opening night and continuing for four days, the songs and dances of Old Mexico will ring from the infield stage when the talented National Ballet of Mexico makes its second appearance at the fair September 12 through September 16.

The circus comes to

town on Sept. 17 for nine fun-filled days complete with elephants, bears, monkeys, clowns and plenty of pretty girls. The famous Polack Brothers Circus, a favorite fair attraction, will present an entirely new show featuring the finest in circus acts from throughout the world.

Action will reach a peak when the Rodeo Cowboys Assn. Rodeo arrives at the fairgrounds on Sept. 26. Some of the nation's top cowboys will battle wild bucking broncs, mean Brahma bulls and

steers and tricky calves for top prize money for three big days.

Fun and excitement can also be found in the fair's not one but three fun zones. Two special kiddie lands will provide hours of fun for junior fair visitors. In the larger Fun Zone new thrill rides and plenty of games and attractions hold lots

of excitement for older visitors.

The family history buff can also find something to his fancy at the fair.

A visit to the Golden Empire Mine will present a realistic view of mining operations in the early days of California.

Across the fair, the exposition's collection of antique locomotives presents a good example of equipment from the early days of California railroad history.

A new railroad station will add flavor to the locomotives. The famous old Arcadia station, long a landmark on the railroad lines near Santa Ani-

ta on the Old Lucky Baldwin ranch, has been moved to the fairgrounds, where eventually it will house a museum.

The attractions don't stop here by any means. The Public Schools Exhibit, Hall of Health, Gems and Mineral Displays, Hobby Show, county and city feature exhibits a wine tasting room and the fair's own milk producing exhibit are only a few of the many things to see at this year's Los Angeles County Fair—42 times newer than ever.

If you want it - You can bet - We have it - If you have it - Don't want it - We can sell it.

# Local CLASSIFIED

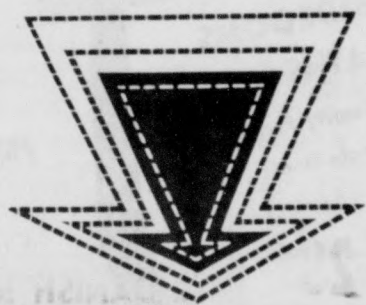

Selling is more than a sale - it's a service! That's the motto of Marge Carter, director of the special Classified Ads for this newspaper. Why does our blonde and bubbly Miss Carter say selling is service - because only through the Classified Ads can the "little guy" find a buyer - or what he needs to buy. More than any other section of your wonderful

newspaper, Classified Ads bring about a people-to-people program - where the PROFIT is in YOUR pocket - and that old adage is switched to "I can get it for you LESS than wholesale." Miss Carter has learned every trick to make every tiny ad stand out - she combines clever copy with flawless art - and backs it all up with over a decade of experience. Now really, wouldn't you rather have cash in your pocket, than Aunt Tilly's white elephant in your garage? Believe it or not, someone, somewhere, reading this page right now, wants Aunt Tilly's elephant. Marge Carter brings the sellers together with the cash buyers - so put cash in YOUR pocket with an instant ad - just.....

### • HELP WANTED Female

NOTICE: Many listings in the  
"male" or "female" col-  
umns are not intended to ex-  
clude or discharge applica-  
tion from persons of the other  
sex. Such listings are for the  
convenience of readers be-  
cause some occupations are  
considered more attractive to  
persons of one sex than the  
other. Discrimination in em-  
ployment because of sex is  
prohibited by 1964 Federal  
Civil Rights Act with certain  
exceptions (and by the law of  
California). Employment  
agencies and employers  
covered by the Act must in-  
dicate in their advertisement  
whether or not the listed po-  
sitions are available to both  
sexes.
